Description	Qty	Rate	Total
-------------	-----	------	-------

ESTIMATE FOR IRRIGATION FOR THE ROUNDABOUTS FOR THE VILLAGE OF MARVIN.

Well presently running at 10 GPM. Located behind Village of Marvin Town Hall.	14,500.00	14,500.00
---	-----------	-----------

(A) Install 1 1/2" pipe 700' with 14 gauge wiring to each Roundabout (RAB) area of RAB 1 and RAB 2. Wiring to RAB's will converge into one 10" box by or close to the existing irrigation controller on the Town Hall building; from the 10" box we will connect 10/18 multi conductor wire to the irrigation controller.

(B) Install 1" PVC pipe in both RAB islands. Install 1 drip zone and 2 spray zones per RAB island. Will use Rain Bird DV float control valves and Rain Bird drip irrigation tubing. Will install 4" Rain Bird pop sprays to cover existing Bermuda grass. Recommend using low flow side strip nozzles that are fixed and adjustable to water Bermuda grass in RAB islands.

(C) Total number of irrigation heads per RAB: 12 to 14
 Total feet of irrigation drip tubing per RAB: 400

(D) Will repair any damaged areas during irrigation installation with seed and straw. Will repair mulched and sod areas after installation is completed.

Total

WARRANTIES:
 *All utilities will be marked prior to install date. Gas, telephone, cable.
 Note: Not responsible for any private utilities, drains, dog fences, etc. that may be cut during installation, unless properly marked.
 ** Irrigation new system installation warranty for 2 years. Parts and labor from date of completion. Not responsible for acts of nature or neglect of system.
 *** New plant material 1 year warranty if irrigation system is in place to water plants. – transplanted material- no warranty.
 **** Sod has no warranty due to this is a weather related item and also the vendor does not warranty.
 ***** 1 year patio stone work excluding acts of nature and efflorescence.
